Inform your employees

Your notification software for enterprise-wide alerts and alarms.

IDERI note

WHAT IS IDERI NOTE ?

The notification software

RELIEVE YOUR EMPLOYEES THROUGH 100% AUTOMATION

IDERI note supports all popular Windows platforms as well as Android and IOS devices. The software is also compatible with Terminal Server and Citrix.

Depending on the situation, you can determine the importance of your message:
Information, warning or alert.

With IDERI note you have a modern and user-friendly interface. The operation of the notification software is intuitive and operations are easy to perform.

The notification software can be fully automated through a variety of interfaces. This allows alerts and alarms to be sent automatically from any system.
